

Twisted Tuesdays - Dr. Buffy's Angelic Space Adventure

Written by AiYume

Tuesday, 23 June 2009 00:00 -

June 23rd is the birthday of Joss Whedon. While known for dark and generally serious shows such as Buffy the Vampire Slayer, Angel, Firefly, and Dollhouse, he has been known to show a sense of humor. In addition to the successful Dr. Horrible's Sing-Along Blog, he is sometimes caught on camera doing fun things. Here is Joss pretending he's someone dressed up as him.
